GIVES UP PURSE AND SAVES GIRL

Oakland Thugs Threaten to Kill Infant if Mother Does Not Hand Over Money

OAKLAND, Oct 15—Mrs Topsy Logsh was held up by two footpads in East Oakland tonight and robbed of a small sum of money, after the men had seized a baby girl which she was carrying and threatened to dash it to the sidewalk if she did not give them money.

When she produced her purse the men returned the child and disappeared

Crime Still Unchecked

SAN FRANCISCO, Oct 15—Commencing almost as soon as darkness fell, the police were kept busy tonight investigating reports of hold-ups and robberies

K. Yoshino, a Japanese, reported that he was held up by three men one of whom had a gas pipe for a weapon, at Oak and Baker streets about 9 o'clock While one of the footpads held Yoshimo, the other two went through his pockets and robbed him of $38

A little later R E Stebbins reported to the park police station that he had been held up by two armed highwaymen at Fifth Avenue and A street, who took $160 from his pockets

About 10 o'clock R E Schulz reported that while walking through Alta Plaza, he was stopped by a man who ordered him to throw up his hands Schulz says ne fired a shot at the footpad, who turned and fled.

Shortly after two o'clock this afternoon a man entered the establishment of Nicholas Kohern, a business man at 366 Twenty-sixth street and while his attention was for a moment distracted, struck him over the head with an axe, inflicting injuries that may prove fatal. The crime was discovered almost immediately and a large crowd joined in the pursuit of George Multravers, who is said to have committed the crime Multravers was caught and is now undergoing an examination by the police

Beaten and Robbed

OAKLAND, Oct 15—Beaten into insensibility by two masked and armed men, robbed and left on a lonely road for dead last night, Mrs B Murro now lies at her home in Blair Park suffering from severe injuries Today every available detective in the Oakland police department has been detailed on the case but the lack of a clew gives no hope for the arrest of the desperadoes.

Despite active and continuous search on the part of the police and the sheriff's office since 1 o'clock Sunday morning when two men were murdered by an unknown man absolutely no clew has been discovered which might lead to the identification and capture of the desperadoes Following on the double murder comes the police report of five highway robberies which took place on the streets of Oakland last night

TROUBLE BEGINS ON RESERVATION

Indian Police Forcibly Prevent Prospectors from Invading Walker River Preserve---Trouble May Result---Opening Date Correctly Stated in Journal---Aborigines Alotted Six Townships and Remainder is at Disposal of Locaters.

Indian police are patrolling the borders of the Walker River Indian Reservation in order to prevent prospectors and mining engineers from inspecting the rich mineral land before the reservation is thrown open October 29 at noon Yesterday a party of Greenwater mining men attempted to enter the district in an automobile and the Indians stopped them confiscated their tools and ordered them off of the land

Queries have been coming to the Journal ever since this paper first printed the notice that the reservation would be opened the main question being in regard to the rules governing the opening

Here is what the United States surveyor's office said yesterday concerning the opening All of the lands in the reservation will be opened for settlement on October 29th at noon with the exception of six townships which have been reserved for the allotments made to the Indians These six townships comprise nearly all of the arable irrigable lands on the reservation The part of the country which will be thrown open of interest to the white men is the land along the southwestern end of the lake and in the mountains which border the reservation

Land Agent Casson has been engaged for the last few months making the allotments to the Indians of their lands and this has been practically finished

Primarily for the development of the mineral resources of the reservation the purpose of the opening is to give the miners of Nevada a chance to locate claims in the rich lands along the Walker river Because the land is not for settlement—it being arid in most parts—the usual methods of opening the reservation will not have to be observed This is the reason perhaps that the opening was not advertised for a month before the event occurs

The laws of Nevada regarding the location of mineral claims will govern the opening

Plans to get into the reservation made by progressive mining men will not be tolerated by the native police The Indian patrol will not allow a white man on the reservation until the rush for claims begins at noon on October 29th

Editor Slips a Cog

Under the heading Reservation Will Not Open October 29 Reno Journal Buncoes Its Readers With Fake Dispatch the Lyon County Time published at Yerington prints a diatribe article accusing the Journal of attempting to aid a few in this state who desire to make a big grab of the valuable mineral land in the Walker River Indian Reservation

Then the Times continues to say The reservation will NOT be thrown open on the [illegible] th of this month probably not until December and more likely in February

The absurdity of the charges of the editor of the Times will be apparent from a perusal of the following proclamation issued by President Roosevelt

OF COURSE HYMERS IS A FRIEND OF MINE

—JOHN T. READ

Ex-Coroner Writes on Ross of County Commissioners—Tells How He Was Thrown Out of Office by Man to Whom He Refused to Kneel

Here are some sentiments from the pen of ex-Coroner Read concerning political issues which will be interesting to the public and to the Republican nominee for long term commissioner, T. K. Hymers. As a sort of text or theme J. T. Read starts off with the pleasantry:

"Of course T. K. Hymers is a friend of mine."

This is the confidential statement in full:

"T. K. Hymers has done more for me than any other man in the United States could have done. After I had been elected coroner by a majority on the votes of Washoe county, he declared to me face to face, and without equivocation: 'Unless you do as I want you to, I will put you out of office.'

"I defied him and he accomplished his threat. It must make the residents of Washoe county feel proud to know that they have such a powerful boss. He also deprived me of my fees for the last year, besides my expenses while acting as coroner.

"But then, I am not a whole man. I have only one arm and a family of seven to provide for. I am quite sure Hymers would cut off my other arm and legs, if he could make $10 by doing so, and my head too; then if my children were unfortunate enough to have to ask for help, he would tell them that they do not need it, for their father would not be handled by them. Hymers did this with the poor fellow who died in the alley back of the Nevada Bank, after applying to admission to the hospital and being refused. Hymers told him to get out—that he was not sick. Then the poor fellow went away and died on the street.

"Oh, Hymers is generous to a fault—to himself. His friends used to say to me: 'Quit fighting with Tom; patronize his stable, and buy him a drink every time you see him. Then you will get along O. K.' But I did not do it.

"See what he has done for roads. In twenty years Washoe county has paid $600,000 for roads (or rather to Tom Hymer's pensioners road overseers—and there is not one mile of good roads in Washoe county. Until recently this condition prevailed and then the city council took charge—then there was a difference—durability, appearance and cost.

"Hymers openly brags of having run the county for the last thirty years. See the result. He says 'To hell with the law, I make the law.' He would not allow me or any other coroner to hold an inquest on an Indian, or at least would not allow us to be paid for it. That was economy.

"He also built that wonderful bridge across the Truckee that begins nowhere and ends there. Ask H. H. Beck; he can give you the history of T. K. Hymers from A to Z, and there will be some interesting reading, too.

"I appeal to every honest voter, to every lover of fair play, to every person who has the best interests of Washoe county at heart, to every person who believes in progress and good roads, to every person who believes that a public office is a public trust, and not a license to graft, to vote against and work against T. K. Hymers and his man Friday (Billy Cobb.)

"There will be use of electing me, however, unless you defeat Hymers and Cobb; if I am chosen and they, too, get office, they will put me out.

(Signed) "JOHN T. READ.

"Independent Candidate for Justice of the Peace."

COUNCIL PREPARES TO MOVE THE BRIDGE

City Officials Begin Fight Against County Commissioners by Having Engineer Survey Another Site for Erection of Bridge

City Engineer Harry Stewart surveyed the site for the re-erection of the bridge, placed by the county commissioners a short distance west of the Virginia & Truckee tracks and which will be moved by the city council because of its poor construction.

The bridge has been the cause of almost endless comment by the residents of the southside, who will have the use of the crossing of the Truckee, for it was built at such an angle by County Engineer T. K. Stewart that the south end projects into the front yard of Francois Boni and on the north no right of way was secured for an approach.

At the last meeting of the city council, May, who owns the land at the north end of the present structure, appeared before the council and said that he would give land for a street if the bridge is moved. His offer was accepted, and the council declared it would move the bridge to remedy the poor work of the commissioners.

A big fight may result from this action of the council. The commissioners may not like the action of May and the council. Yesterday the wise ones stated that T. K. Hymers and his engineer, T. K. Stewart, may resort to the law to accomplish their purpose and prevent the council from interfering with a work which they have to pay for and which was a bungling job through their misapplication of effort.

COLORADO SPRINGS, Colo., Oct. 15.—A special from Victor, Colorado, says General Frank M. Reardon, brigadier general of volunteers during the civil war, is dead in Denver. His death was due to displacement of the heart and Bright's disease.

EUREKA, Cal., Oct. 15.—After being all night on the hard sand of South Spit, at the entrance of Eureka harbor, the steamer Redwoke, commanded by Captain Dunham and carrying 275 passengers, was floated today with the assistance of the tug Ranger.

PHILADELPHIA, Oct. 15.—The great contest inaugurated to have declared invalid the will of Wm. Weightman, the millionaire chemist, who died leaving an estate valued at about $60,000,000, was called for a hearing today before Judge Ashman, in the Orphans' court.

CHICAGO, Oct. 15.—Dr. M. G. Pingree, a cousin of former Governor Pingree of Michigan, committed suicide today by locking himself in the bathroom and turning on the gas. Dr. Pingree had been a practitioner in Chicago for more than 30 years. No cause for the suicide is known.

MARSHALLTOWN, Iowa, Oct. 15.—General Manager Day of the Iowa Central railway today announced that, effective November 1, the telegraph operators of the system, with the exception of the Albia branch will be given an increase of wages. The increase is between $2.50 and $5 a month.

MONTPELIER, France, Oct. 15.—The local working bakers, being desirous of a general strike because of the refusal of the proprietors of the bakeries to accord them a weekly day of rest as provided for by the law, the city authorities have appealed to the government officials for the assistance of military bakers in order to prevent a bread famine.

ROME, Oct. 15.—The pope received today in private farewell audience Monsignour Aversa, the new apostolic delegate to Cuba, and gave him his last instructions regarding affairs at his post. Afterwards Mgr. Aversa presented Senor Antonio C. Lamen, Cuban delegate to the Pan-American conference, the pope taking special interest in the work and objects of the mission.

WASHINGTON, Oct. 15.—In the case of Mayor Ross of Kansas City, Kan., vs. the State of Kansas, the state today entered a motion to dismiss. The case is an appeal from the decision of the supreme court of Kansas, fining Ross $500 for taking the office of mayor a second time in the face of the court's injunction. The case grew out of a charge that Ross refused to enforce the Kansas liquor law.

PARIS, Oct. 15.—Great crowds lined the streets here today to watch the procession of the lord mayor of London, Walter Vaughan Morgan, the sheriffs, aldermen and fifty city councillors as they drove with much pomp in their gala coaches through various parts of the city. M. Chautemps, president of the municipal council, and the lord mayor gave King Edward the credit for dispelling the old suspicion between the two peoples.

LITTLE ROCK, Ark., Oct. 15.—Rev. Sam P. Jones, the well known evangelist, died early today of heart failure in a sleeping car on a train of the Rock Island railroad near Perry, Ark. Mr. Jones had been conducting a revival at Oklahoma City, Okla., and left there last night for his home in Georgia. He expected to attend a family reunion, it being the 50th anniversary of his birth. Mrs. Jones and his daughters, Mrs. Annie Tyson and Miss Julia, were with him when he passed away.

LONDON, Oct. 15.—The lawyers representing the Amalgamated Press, publishers of the London Magazine against which Richard Croker brought suit for damages, on the ground of alleged slanderous statements made in an article headed "Tammany in England," in which Mr. Croker was charged with having used his office as chief of Tammany Hall for purposes of financial profit, informed the Associated Press today that the case has been amicably settled out of court.

TORONTO, Oct. 15.—General Manager McGilla of the wrecked Ontario bank, admits a shortage of $1,250,000. Bankers place the loss through McGilla's speculation at $500,000. The directors say the manager's operations were the gravest of the most unscrupulous stock on the New York market, and were even carried into the wheat pit in Chicago.

THEATRICAL NEWS FOR THIS WEEK IN RENO

At the Grand theater this week a complete new bill is on the boards, and is made up of most interesting attractions.

By tonight the bill will be complete. Last night there was held over from last week a number or two to make good the bill.

The "Four Lorettas," consisting of two women, a man, and a mighty clever child, are among the very best in their class before the public.

Miss Irene Franklin is a comedienne who will be remembered with pleasure by all who heard her over a year ago when she played a successful engagement in this city. Her tone is masculine in strength, sympathetic, and her execution marvelous. She plays the popular selections of the hour as well as the more classic numbers.

George Lavender, a clever and witty monologist direct from New York, brings with him a splendid reputation and a fine act.

Adams and Edwards are sketch artists who have just completed a successful engagement in Chicago and are on their way to the East. They are the possessors of a good turn, and with the moving pictures and Hickman's song, all of which are new complete a bill that is full of novelties and fun.

AT M'KISSICK'S

"Arizona," the greatest of all New York successes, has been secured by Manager Piper for an early production at McKissick's opera house. This will be good news to many.

This piece is an elevating as well as a fascinating play, its story being that of love, honor and duty. It is the story of a rancher's daughter marrying an elderly cavalry colonel, and tiring of his inattention, she plans, or rather is forced, to submit to the planning of Captain Hodgeman, to flee with him, and leave the stifling sand of Arizona forever. The plan is balked by the daring conduct of Lieutenant Denton, the special friend of the husband, Colonel Bonham. As is to be expected the situation turns against Denton and Hodgeman escapes for the time being, even the suspicion of guilt, only to receive his just deserts in the end.

Four More Candidates Enter Journal's Popularity Race

The Seashore Contest Is Booming; Every Day Shows Growing Interest---New Subscriptions Count for Most---Renewals Also Help

The leaders in the voting today are: Miss Fay Bridges in District No. 1; Miss Carrie Avanzino in District No. 2; Miss Bessie Amber in District No. 3; Miss Florence Kent, in District No. 4.

By leaps and bounds mounts the total vote being cast in The Journal test for the five trips to the seashore offered to the most popular women of this section, and it is more than surprising the interest taken in the balloting by people of this vicinity.

Day by day the enthusiasm grows keener in the contest. New candidates enter, the old ones are there with a firm determination to win, and each hour brings in more votes. Every candidate realizes that she must make the most of each day, so every day in the contest grows more exciting.

The whole city is alive to the issue and as the contest progresses the interest will undoubtedly reach fever heat as the closing time approaches and it is then the popularity of each candidate will be determined and the five young women to take the trips to the seashore will be made known. It is a good plan to get a reserve vote in readiness for that time, as you are never positive of the number of vote: your contemporaries have, and a reserve may come into good play on the last day.

Every twenty-four hours heightens the interest that is involved in the contest. Votes from every part of Reno and adjacent territory roll in daily to swell the count of the popular young women who have entered the race for honors.

On every side is heard the question, "Who will win?" Of course this is a difficult problem and cannot be solved until the final count is over.

New Subscriptions and Old

A number of inquiries are made daily as to the votes allowed on new and old subscriptions. Votes are allowed on both, but only when the renewals pay in advance.

New subscribers mean increase in circulation. Therefore, no one will be allowed to change the name of the old subscriber from one member of the family to another in order to receive more votes.

MANY BUILDINGS TO BE BUILT IN RENO

The Realty Boom Shows No Signs of Abatement—Jack Davis to Build on Southside—Mitchell and Senator Nixon Plan Extensive Operations

A continuation of the building boom is further evidence of the faith of Reno investors in the future of this city.

Jack Davis is building a fine residence adjoining his own on Liberty and Granite streets. W. A. Jones, the architect, has completed the plans of the structure, and work will be begun at once.

When completed the building will be a ten room modern structure, occupying a lot 100 by 140 feet. It will be two stories in height and its first floor will be surrounded on two sides by a broad porch. The view from the porch will lead past artistic columns supporting the roof porch, and over a vista of hills and valleys, across the Truckee river. It will make a handsome, sightly home, and its construction is due to the fact that property in this section is becoming too valuable to be unoccupied by rentable buildings. "In other words," says Mr. Davis, "property owners in this city are being driven to the erection of fine homes by the demand which is increasing with every train headed east or west that stops at the depot."

The building, which is in the colonial style, will cost when completed, in the neighborhood of $8000 and will be an ornament to the district which is being rapidly filled up by those attracted to the sagebrush state and its metropolis.

Another Home

W. I. Mitchell is another citizen who is putting up a fine home in this city, and his architect is W. A. Jones. Mitchell will build a seven room home on Sierra street at a cost of more than $4000, and it will be a credit to the city.

Nixon Will Build

Senator Nixon announces that work on his building, which will be erected at the corner of First and Virginia streets, will not commence until early in the spring, because of delay in having the plans prepared. While the plans for the structure are being completed, Senator Nixon will make arrangements for the material of which the building will be built.

The structure will be six stories in height, with a ground area of 78x140 feet. The frame will be all steel. A Nevada stone will be the veneering used.

COUNCILMAN BUYS MINES

Councilman Smith of Los Angeles has returned to that city after purchasing several claims in the Jumbo district.

J. A. INGALLS TO BE DENVER DELEGATE

Governor Sparks Appoints Reno Man as Official Representative of Nevada at American Mining Congress Which Will Convene in Colorado

J. Auron Ingalls of Reno was yesterday appointed by Governor Sparks a delegate to the American Mining congress, which convenes at Denver October 16 to 19. Ingalls left last night for Denver on the overland limited.

"An important feature of the convention," said Ingalls last night, "is to act upon a mine drainage district law. A committee of prominent Denver men have worked on this bill for several months.

"The close of the convention will be marked by a visit of the delegates to Cripple Creek.

"As one of the leading mining states of the Union, Nevada will watch the outcome of the convention. I feel that Nevada's official representative will be warmly received."

Dr. G. W. Tibbits, an engineer for the Schwab interests in Nevada, accompanied Ingalls on his trip.

VISION IS SEEN BY HER SIGHTLESS EYES

Edward Piper, manager of McKissick's opera house in Reno, has received from the principal of the Berkeley Institute for the blind, an essay, "A Dream," written by Hazel Piper, his sightless sister. Although unable to see even a glint of light, Miss Piper has written a faultless piece of copy, typographically, on her typewriter, by the sense of touch. Spelling, spacing, punctuation are perfect and could not be better done by an expert typist. Following is an extract from the essay:

There were four large gates set with pearls rubies, diamonds and many other precious stones. One of them was guarded by an angel whom we asked when the temple was that we might go in and worship, and he replied, "We have no earthly temple here, for Jesus is the temple of heaven." He then led us to a beautiful marble throne upon which sat the Redeemer of mankind surrounded by a thou of angels. He stretched out His blessed arms to welcome me, and I ran and fell at His feet, and He placed His hands on my eyes and said "Arise, and go in peace." I did so, and found my sight restored. My mother and I joined in the chorus and sang "Glory be to God on High."

When I awoke the next morning I found that I was still sightless, and that I had only been dreaming, but consoled byself by thinking that in the life to come my dream would be reality.

TRADE ADVANTAGES WILL RESULT IN ROAD

Eighteen Working Mines Operating in Ramsay District—Shipping Ore Found in Abundance—Reno Has a Chance to Cinch Trade

Completion of the road to Ramsay from Clark's station, on the Southern Pacific, will mark a new era in the history and development of the mining camp. The residents of the place are hopeful that when teams are able to make the through trip over the course that instead of having to wait three weeks to receive an order of goods consigned to Ramsay, an order can be sent in the morning to Reno and the goods can be sent out from Reno the same afternoon. It is expected that freight can be hauled from Clark's over the road to the camp in four hours.

Eighteen mines are taking out shipping ore, according to I. G. Lewis, who came to Reno from Ramsay yesterday. The Ramsay Comstock, says Lewis, is down fifty-one feet and drifts have been run seventy-three feet, $23 shipping ore being taken out. The Nevada Hills is said to be the largest ledge in the district.

The Ramsay mine, the first discovered in the district, is said to show the largest amount of development. Five claims, all leased, are staked along the original find. The ledge is purported to be 400 feet in length and twenty feet wide on the top of the hill. C. H. Clark is the man who first discovered the ledge.

Ramsay Brothers & Co. have shipping ore on Dago No. 2. They have struck a twelve-foot ledge and $35 shipping ore is being taken out. Starlight fraction is down fifty-one feet and cross-cuts have been made. The ore assays over $100 to the ton.

A gang of linemen will go to Clark's station during this week and begin the construction of a telephone line from the railroad to the camp. The line is to be built by Ramsay capital. It will connect with the Pacific States Telephone & Telegraph company's line at Clark's and run into Reno.

Men who are interested in Ramsay say that Reno has an opportunity now that the road from here is almost completed to cinch the trade of the camp. A large business is predicted and the shipments that are sent in there from Salt Lake and the south will be filled with greater advantage from here. Reno is closer and the orders for machinery and produce can be filled with great expedieney from here.

TRIUMPHANT PARTY TOURING THIS STATE

Democracy as Represented by Bartlett, Governor Sparks, Sweeney, Ryan, Stoddard and Mannix is Having a Tour of Success in Lincoln

From advices received direct by the Journal from Lincoln county, the success of the fusion nominees in that country has been phenomenal, and with Governor Sparks, George A. Bartlett for congress, James G. Sweeney for superior judge and the rest of the leaders of state Democracy there is little doubt of final and complete success, not alone for the campaigners but for the entire Democratic-Silver ticket.

At Caliente, Las Vegas, Searchlight and in the western Bullfrog country, the meetings held were invariably crowded and the numbers were only exceeded by the enthusiasm. In the language of the Journal correspondent, "the meetings were red hot. We are told that our opposing party met with a reception quite the reverse in temperature, in fact decidedly chilly."

The open air meeting at Goldfield was attended by thousands who stood two hours to listen to the speakers. There is no mud being thrown in these meetings and the example set but happily stopped by a Republican candidate for congressional honors, has not been followed. The meetings are clean, clear-cut, honorable, convincing and vote getting. No one can get a bet that Bartlett will be defeated for congress; Sweeney is equally sure, and as for Governor Sparks, as champion of the state and its interests he cannot be defeated, is the sentiment of those that are watching the progress of the campaign.

Manhattan was visited Sunday night and was out in force to listen to the Democratic-Silver men speak. There was a great meeting and much enthusiasm. Mina, Yerington, Dayton and Ramsey will be visited and the party will return to Carson City via Silver City.

These are the members of the triumphant representatives of a winning ticket: Governor Sparks, George A. Bartlett for congress; James G. Sweeney for supreme judge; E. P. Mannix, secretary of state, Richard C. Stoddard, for attorney general, and Dave Ryan for treasurer.

Grubstake Partner Cheated Out of Interests In Ramsay

Alleging that George Hafer has been defrauded of a fourth interest in twenty-two mines and prospects in the Ramsay district, whose approximate value is $6,000,000, Colonel Winfield Scott Proskey has caused a complaint to be filed in the district court of Lyon county and a suit will probably be the result. Proskey is the guardian of Hafer. The defendants in the complaint are Charles Clark, Edward Murphy, J. A. Jacobsen, A. H. Mayne, Ben Heseltine and P. F. McManus. The charge made by Proskey is that Hafer grubstaked the men named as defendants and that the latter have conspired to sell the mines and claims, and that they have refused to give Hafer his interest as agreed.

A charge of assault is also made by Hafer, it being stated that Clark beat and injured Hafer when the latter asked for a settlement.

That on April 8, 1906, George Hafer, who had been in the vicinty of Fort Churchill when the country was first known to be a gold region, made a contract with Clark, Murphy and Jacobsen to stake them for twenty-two days following April 8, for a consideration of one-fourth interest in all claims they would find within thirty miles of Fort Churchill, is the main feature of the complaint. That all of the claims mentioned were staked out between April 8 and the twenty-two days following is also asserted. That Hafer was never given his just share is complained.

The claims and mines mentioned in the complaint are located at Ramsay. They are Big Dyke, Golden Eagle, Gold Chest No. 2, Gold Chest No. 3, Gold Chest No. 4, Gold Chest No. 5, Rainstorm, Wisconsin, McManus, Gold Center No. 1, Gold Center No. 2, Gold Center No. 3, Gold Center No. 4, Gold King, No. 1, Gold King No. 2, Gold King No. 3, Gold King No. 4, Gold King No. 5, Golden Pick No. 1, Golden Pick No. 2, Gold Ridge and Lucky Boy.

When all of these claim locations were filed, according to the complaint, the name of Hafer was omitted and the names of Haseltine and McManus were put in place of Hafer's. This omission was discovered during the latter part of July and then when Hafer asked for his interest it is said Charles Clark assaulted him. Threats to kill Hafer if he showed up at Ramsay were also made, it is said.

Colonely Proskey avers that Clark and his associates in the alleged swindle have a deal on to dispose of the mines in order to make themselves immune to the law. He declares the deal is one of the greatest swindles in the history of the state because of its very rankness. The values of the mines is the cause of the suit having greater significance.

Saturday the papers were filed in Lyon county's court by Mack & Farrington of Reno. These attorneys will prosecute the case.

SECOND PRIZE WINNER THANKS THE JOURNAL

Miss A. E. Tower, winner of the second prize in the Journal lot contest, writes the following letter of appreciation:

I am very grateful to the Journal and to my friends, who helped me to win the lot during the recent contest.

The lot is indeed worth the effort which was necessary to acquire it. The Wheeler-Burke addition is located in one of the most desirable sections of this city and I consider it an ideal place to build a home.

I will use the lot for building purposes and as soon as I can have the plans drawn, I will let the contract for the erection of a residence on the lot.

Very gratefully,
MISS. A. E. TOWER,
Winner of second prize.

PRETTY RENO GIRL ELOPES TO WED IN TRUCKEE

Miss Helen McDonald of 207 Vine Street Returns to Her Home Here After Marrying Edgar Bigelow, An Employe of the Southern Pacific

Miss Helen McDonald, a beautiful Reno girl, eloped from her home at 207 Vine street Saturday and was married that night in Truckee to Edgar Bigelow, an employe of the Southern Pacific company. Her friends in this city were ignorant of the wedding until the accomplished young woman returned here with her husband Sunday night.

It is said that the pretty girl, afraid that she would be frustrated in the attempt to marry the man of her choice, left for the mountain town dressed in a simple traveling gown. At the terminal of her ride the lover waited and he quietly arranged with the justice of the peace to be on hand to perform the ceremony.

Assistant Superintendent Rowlands was called to Mina yesterday on business and will return today.

Andrew Buser, the prominent Tonopah mining man, was an arrival at the Wallstab hotel yesterday.

Mrs. H. C. Huston and daughter, Miss Lottie, were among those who visited Reno yesterday.

L. S. Pratt, master mechanic of the Sacramento division, spent yesterday in Sparks on a trip of inspection.

Mrs. T. A. Wright and J. Knowles and family spent yesterday at Wadsworth visiting relatives and friends.

A. E. Harter of Rocklin is spending a few days in Sparks on business, and is registered at the Wallstab hotel.

The Bowling Contest

The bowling contest held Saturday and Sunday on the Wallstab alleys was won by J. M. Sandford of Truckee. Although much interest was taken in the contest there were no large scores made. Sandford winning by a score of 185.

Returned from San Francisco

C. H. Bliven and wife and daughter, Miss Frances, have returned from San Francisco, where they have been for some time past. Mrs. Bliven recently underwent an operation at a San Francisco hospital and is now much improved in health.

Will Live at Dunsmuir.

Mrs. J. McMeekin and daughter Audrey left last night for Dunsmuir, where they will reside in the future. McMeekin has been assigned an engineer's run out of Dunsmuir.

Runaway Yesterday.

The horse attached to the delivery wagon of Austin & MacPherson became frightened and ran away yesterday, ruining the wagon. The horse was being driven by F. E. B Gates, who escaped injury.

OVERLAND LIMITED DELAYED

The west bound overland limited was delayed several hours yesterday by breaking a drawhead on one of the cars near Carlin.

FATAL MISTAKES

Think of a simple mistake in a name costing ten of thousands of lives per year. But it is a fact.

Every third or fourth persons will admit "a little kidney trouble." We are suddenly waking up to the fact that the deaths from this cause are over 60,000 per year, and that it is Bright's Disease. Dr. Loomis of Bellevue Hospital, declares nine-tenths of the people over 40 have some form of Bright's Disease, and the Health Commissioner of Chicago, in October, 1904, showed that six per cent of the adult young of that city have it.

And the census shows that out of 63,612 deaths from kidney trouble in the year 1900, 58,748 over nine-tenths, were due to Bright's Disease.

What is to be done?

Simply this—No matter how mild your kidney trouble is, to be safe, treat it at once as Bright's Disease.

There is only one specific known, viz., Fulton's Renal Compound for Bright's Disease. Recovery is almost certain, nearly nine-tenths recovering. Ask for remarkable booklet that includes no cases except those that were supposed to be incurable. This booklet is for thoughtful people. J. B. McCullough, agent, Reno.

GUESS WHAT IT IS?

What is it? What will it be? You will get two quarts of champagne if you are the first one to guess the new name of the Wine House. Guesses will be registered in the order and time received, and close at 12 o'clock Wednesday night. o14d

Frank Rodenbah Married in Reno Yesterday to Miss Rose Bergerson of That City

Frank Rodenbah of this city and Miss Rose Bergerson of Reno were married yesterday afternoon in Reno by Rev Samuel Unsworth, rector of the Episcopal church of that city. The wedding was a quiet affair and was performed at the rectory in the presence of a few relatives of the contracting parties.

Rodenbah is employed by the Southern Pacific company here as a machinist and is quite well known to the people of Sparks. His bride is a charming young lady of Reno.

The couple left last night for California on a wedding trip and will be gone several weeks. They will return later to this city, where they will permanently reside.

J. W. Bellamy, Whom Enraged Citizens Endeavored to Hang, Gets Off With Light Punishment

J. W. Bellamy, who narrowly escaped lynching at the hands of an enraged crowd of citizens Saturday afternoon, pleaded guilty to a charge of drunkenness and was fined $5 by Judge Pollock. He was unable to pay the fine and will spend the next two and a half days on the city chain gang.

J. Jackson, who marched Bellamy up Harriman street at the point of a shotgun and delivered him into the custody of Chief of Police Malay, refused to swear out a warrant against him, so all that could be done was to try him on the charge of drunkenness. Bellamy stated that he was too drunk at the time to know what transpired and had no recollection of the tragic events which so nearly resulted disastrously for him.

DEMOCRATIC-SILVER STATE PLATFORM

1—The Democrats and Silver men of Nevada rejoice in the nation's continued prosperity, in the abundant crops, the goodly yields of the mines, the full employment of labor, and the favorable balance of foreign trade. But we deplore the manner in which this vast increase of wealth, produced by the energy and industry of all our people, is more and more concentrated in the hands of a few as the inevitable consequence of inadequate laws, of special privileges, of gigantic monopolies in the necessaries of life, and of the control of all the sources of legislation by the alliance between organized politics and organized wealth.

2—We favor the election of United States senators by the direct vote of the people.

REVISION OF TARIFF

3—We favor a careful, well considered revision of tariff schedules, which shall aim at the reduction or total removal of the duties on articles of American manufacture sold more cheaply in foreign countries than at home, and which shall deprive industrial monopolies of the power to exploit both producers and consumers by arbitrary methods and prices.

RATE REGULATION

4—We hail the railroad rate legislation enacted by the present Congress as the first step in a program which looks to the growing and assertion of national authority over great aggregations of capital, and we claim this step of progress as a Democratic victory, because the Republican administration which urged the measure found not only its inspiration, but its specific plan, in the Democratic National Platform of 1904, and received a united Democratic support in the enactment of the law.

HOPE IS IN DEMOCRATIC PARTY

5—We declare it to be our conviction that President Roosevelt's only hope of success in obtaining effective laws to stop the aggressions of monopoly, alike in transportation, in industry, and in high finance, lies in the election of a Democratic Congress in November next. The Republican majority in the present Congress deliberately emasculated the most important measures which came before it for consideration in order to make them as ineffectual as possible.

It burdened the railroad bill with awkward provisions for judicial review.

It put the expense of meat inspection wholly upon the public and refused to require the placing of dates upon labels to show when the meat was packed.

It neglected to provide an appropriation for the execution of the Pure Food Bill, so that it remains a dead letter.

More significant and sinister than all, the Republican Congress refused to pass measures forbidding campaign contributions by corporations and requiring full publicity of all campaign funds, thus showing that the notorious partnership between the Republican managers and the trusts is to continue to debauch our national elections.

6—We adhere to our oft stated position on the money question. We claim that the quantitative theory of money has been vindicated by history. We recolee that history has verified all the contentions of the great Democrat, who, in 1896 voiced Democratic opinion, and that public sentiment now demands his installment in the high position of which he was then unjustly deprived by a campaign of misrepresentation, corruption and fraud unequalled in the history of the country.

GOV. SPARKS COMMENDED

7—We congratulate the people of Nevada upon the impartial and able administration of Governor Sparks. His administration has been characterized by industrial peace which should be gratifying to all classes alike. During his administration the eight hour law was passed and upheld by the Supreme Court of this state. During his administration important measures relating to irrigation and taxation have been passed, promoting the development of the state on varied lines, equalizing assessment, reducing rates of taxation, both county and state. During his administration both capital and labor have been fully protected and the just rights of both maintained. Conscious as we are that Nevada has entered upon a new era of prosperity, we trust that Governor Sparks' administration will be the prophecy of industrial peace and continued prosperity in the future.

8—We favor the enactment of a just and equitable Employers Liability Act for the protection of the lives and limbs of employees.

SENATOR NEWLANDS ENDORSED

9—We commend with pride and satisfaction the able and effective work of our senior United States Senator, Francis G. Newlands. The great irrigation law with which his name will be forever identified, is working a marvelous transformation in the social and economic life of sixteen states and territories, and supplying new hope to millions of American citizens who will obtain homes under its beneficent operation.

In view of his splendid service we most heartily endorse his candidacy for re-election in 1909.

10—We are earnestly in favor of the creation by law of the office of bank inspector to the end that the depositors of money in such institutions may be adequately protected.

11—We believe that legislation should at all times be passed with a view to the comfort and safety of the working man; and to that end it is urged that suitable laws be enacted by the next legislature of this state providing for a mine inspector who shall examine all mines, adits, tunnels, shafts, etc., and keep all the works up to a certain standard to be fixed by law.

12—In the rapid upbuilding now going on in our state it is extremely important that ample provision shall be made for public school instruction. Too long the schools, outside of the larger towns, have drifted on with no adequate supervision, and apparently with no effort on the part of the educational department to provide a definite course of study or to introduce practical lines of work on a systematic basis. We favor a practical state course of study, thorough supervision, county and state; ample funds for the schools and liberal salaries for the teachers.

UNIVERSITY

The State University should receive especial attention. It is purely a state institution and is doing a noble work for our young men and women. We favor liberal appropriations for its support, and such legislation as will place and keep it at all times on a cash basis. The university should be kept entirely out of politics, and, with that end in view, we favor the nomination of but two of the four regents to be chosen at the coming election, one for the long term and one for the short term, at the same time authorizing the State Central Committee to fill the vacancies upon the ticket from the candidates selected by the Republican party, if that party take similar action, otherwise to fill the vacancies as may be deemed best.

13—We demand that the United States mint at Carson City be opened for the coinage of gold and silver according to law.

STATE TERMINAL POINT

14—We are in favor of indicating in the most positive terms to all railroads traversing our state that we expect and demand the establishment by each of them of a terminal point in Nevada, in conformity with the Interstate Commerce Law.

15—We believe that the interests of capital and labor are inter-dependent and pledge ourselves to do all that lies in our power by means of legislation and other legitimate methods to foster and protect their interests.

We believe that laboring men should be encouraged and given the greatest freedom to organize and combine for the betterment and protection of their social, educational and financial condition and for the purpose of securing for themselves fair wages and working hours. As we have done in the past, we shall also in the future, encourage the adoption of the eight hour laboring day in all occupations where it is reasonable and appropriate, and extend it by legislation to all occupations wherein the constitution will permit.

CAPITAL PROTECTED

We stand for the fullest protection of capital and of vested property interests and shall endeavor to encourage the greatest possible investment of outside and local capital in our state, by careful and liberal legislation in its protection and by the impartial administration of existing laws.

BRYAN THE MAN

The election of 1896 will be the prelude of the great Presidential struggle of 1908. The Democratic standard bearer of two years hence is already nominated in the hearts of the American people. Twice before the people of Nevada have given an overwhelming majority of their votes to the great leader and statesman whom destiny has clearly marked as the next President of the United States. In this year's campaign we are fighting his battle, as through ten weary years he has fought the battle of Nevada. If Nevada would pay her debt of gratitude to one who has fought the fight and kept the faith, if Nevada would see the aspirations of her people, triumphant two years hence, she will make sure of a Democratic victory in November next, and thereby express in unmistakable terms her confidence in the leadership, the character and the wisdom of the next President of the United States, William Jennings Bryan.

Following is the platform which was adopted recently at the joint convention of Democrat-Silver party delegates. It is commended to the careful perusal of the people of this county and its clauses carefully compared with the instrument of the Republicans. It is given in full as follows:

The Democratic and Silver Parties of Washoe county, in convention assembled, send greeting to that tried friend of Nevada, that fearless champion of popular rights, that incomparable orator and statesman, William J. Bryan.

We endorse the platform of the Democratic and Silver Parties adopted by the State Convention recently held in Reno, and we pledge our candidates for the legislature to support the principles enunciated and the action recommended therein.

COMMENDATION OF UNITED STATES SENATOR

We heartily endorse and commend the senatorial record of the Hon. Francis G Newlands. As "Father of the Irrigation Bill" he is entitled to the gratitude of every loyal Nevadan. His broad statesmanship as illustrated in his action on the Railroad Rate Regulation Bill and other measures of great national importance gave Nevada a unique distinction in the United States Senate. We pledge our nominee for the State senate to support the nominee of the Democratic-Silver caucus for United States Senator in 1909.

COMMENDATION OF GOVERNOR

We heartily commend the administration of our fellow citizen of Washoe county, John Sparks. He has made an able, fearless and conscientious executive, maintaining impartially the rights of all classes. The friend of labor, he knows the value to the state of capital, and has given both the equal protection of the law. His sublime loyalty to the State in the past four years and his patriotism now in sacrificing his personal preference for private life at the unanimous call of his party, stamp him as being preeminently the man for chief executive of our state, and Washoe county should give him a large majority.

EIGHT HOUR LAW AND LEGISLATION

We pledge our candidates for the legislature to uphold the "Eight hour law" and to enact the legislatic nealed for in the state platform.

ARBITRATION OF CAPITAL AND LABOR DISPUTES

To the end that capital and labor may each receive just and fair treatment, and that further strikes and lock-outs in this State may not occur, we favor a State Arbitration Law for the adjustment of all labor disputes; and we pledge our legislative nominees to support an equitable measure for that purpose.

GOOD ROADS

We demand good roads for Washoe county. And our candidates for County Commissioners are hereby pledged to provide good roads for farmers, and all others who have use for them. Especially are better roads needed between Reno and Washoe, Reno and Verdi, and Reno and Sparks. We favor aid to the new road to Ramsey, to the end that Washoe county may be put into easy communication with that promising new mining camp.

EDUCATION

We favor legislation looking to better supervision of the public schools of the county and State, and ample provision in the way of school buildings and teachers for all the children of Washoe county. Ample financial support of the State university should be the motto of every citizen of the State, and we especially endorse that portion of the State platform in reference to the state university. We especially pledge our legislative nominees to the enactment of a law that will expedate the erection of the Second Ward School building in Reno.

TERMINAL RATES FOR RENO

We hold that Reno should be made a terminal point for railroad rates, to the end that Nevada may have manufactories and wholesale houses commensurate with her growing importance and increasing needs. And we pledge our candidates for the legislature and County Commissioners to unremitting efforts for the accomplishment of this measure fraught with so much importance to the upbuilding of Reno and Washoe county.

STATE AGRICULTURAL SOCIETY ....

We favor an appropriation for the rehabilitation of the State Agricultural Society, which owns with the State valuable fair grounds in Reno, to the end that agriculture, stock raising and mining may be encouraged—not simply horse racing. And we pledge our legislative nominees to labor to secure such appropriation.

REPUBLICAN DERELICTION

We arraign the Republican administration of Washoe county for its utter neglect to properly improve the public highways, which the Republican candidate for governor declares the worst in Nevada. Their refusal for several months to put the walk about the county court house grounds in condition, is another instance of the serious want of public spirit shown by the present Board of County Commissioners.

In the matter of assessment of property in this county, we demand full and impartial assessment of every man's property.

In county, State and nation, the Republican party is the party of reaction, of self-styled stand-patism, of corporation control. It is silent in its platforms on matters of supreme interest to the masses, while it shouts loud and long on subjects that do not affect corporate or monopoly interests. Its recent State platform is a mass of glittering generalities, dodging every issue of general interest—the maintenance of the eight hour law, terminal railroad rates for our people, the reopening of the United States mint for coinage, provision for State inspection of mines and the protection of life and limb of workmen in mining and other dangerous callings, provision for State bank inspection for the protection of depositors—all of which and more are absolutely ignored though present conditions in our State make them essential to the continued peace and prosperity of the New Nevada On all of these points the Democratic-Silver platform rings clear and strong.

ECONOMICAL AND PROGRESSIVE GOVERNMENT

We pledge our candidates to economy of administration and to the development of public improvements both county and municipal upon comprehensive plans shaped by competent men.

APPEAL FOR GOOD GOVERNMENT

Upon this statement of principles backed by fidility to pledges and to performance of duty, when heretofore entrusted with power, the Democratic-Silver party of Washoe county appeal to all good citizens to unite with them in electing the Nominees of this convention and thus insure the carrying out of the principles of good government herein declared.

Americans Are Champion Ball Players of World

CHICAGO, Oct. 15.—The Chicago club of the American Baseball League is the champion of the world. By winning yesterday's game, 8 to 3, against the local club of the National League the Americans earned the right to fly the world's championship pennant of the American League, to ride to the grounds next season in carriages and to have "world's champions" lettered on the blankets worn by their horses. Today's game was the sixth of the series and the fourth victory for the Americans.

That the victory was a fairly earned one is shown not only by the fact that the Americans won four out of six games, incidentally making it unnecessary to play the seventh, but by the hits and runs. The Americans all told made twenty-two runs to eighteen by the Nationals. They made thirty-nine base hits as against thirty-seven for the Nationals. The Nationals made but five errors, compared with fourteen by the Americans. The latter also made the greater number of extra base hits, but the ground rules made nearly all of them good for only two bases.

The attendance at today's game was 19,249, making the total attendance for the series 99,845. The receipts for today's game were $20,861, and the total for the six games was $105,540. Of this amount the players share is 33,402. The American League men, with twenty-one men, will receive $25,052. The Nationals' share for nineteen men is $8350. The receipts of last year's championship series were $68,405 and of last year's American-National series $26,774.

The grounds being full to bursting the gates were closed and play was begun at 2:15 o'clock. Completely encircling the grounds was a closely packed crowd of enthusiasts. Small pennants bearing the names of the owner's favorite team were in nearly every hand.

A total of fourteen hits, two of them doubles, tells the story of today's game and how it was won. Captain Chance replaced Mordecai Brown in the pitcher's box in the second, although Brown had pitched a hard game on Friday. The Americans connected with his weakened delivery for eight hits in one and two-thirds innings and he retired to the bench. Overall, who was called in yesterday to retrieve the game, was again called upon, and held the Americans to six hits and one run during the remainder of the game. His support was excellent. Time and again Tinker and Evers, by blocking hits, prevented runs, as did Hoffman in center by spectacular running catches. Sheckard also made a great backward running catch which kept the score down.

When the Americans assumed a lead of six runs the National players were a grimly determined looking lot, but, try as they would, they could not solve the puzzling delivery of Dr. White, the opposing pitcher. Time after time the heavy hitters of the team batted out easy ones when hits meant runs. All told they gathered only six safeties off White. Part of the crowd rooted hard for a ninth-inning rally. Tinker, to his evident chagrin, went out. Evers raised flickering hopes by a scratch double to right, but King promptly failed. Gessler, a substitute, batted for Overall and was allowed to walk. Hoffman singled to left and Evers scored. Sheckard was safe on an error. Schulte now came to bat. With all the burden of a forlorn hope on his shoulders he hit a grounder straight to Donohue and the great series passed into baseball history.

AIRSHIPS LAND AFTER BIG RACE

BERLIN, Oct. 15.—Fourteen of the balloons which started from Tegel near here, yesterday in the race for Emperor William's cup, have been reported landed. Only the Kehos Vienna Aero club, Dr. Schlein aeronaut, the Sohonke, Munich Air Navigation club, Dr. Emden and the Franklin, Frankish Air-ship club Carl Hochstetter, not having been heard from. It appears to be certain at this moment, that the Ernst the smallest of the balloons, 850 cubic meters Berlin Air Navigation society has won the contest, as it landed at Brieg Austria, 600 miles away.

The results have been comparatively disappointing. The balloons made good progress until they reached Bohemia, where they struck a region of high barometer. The atmosphere was almost without motion, and the balloons drifted about in various directions, some of them crossing back into Germany. The airships which did this include the Brandelburg Lindenburg Aeronautic Observatory Dr. Wegener, aeronaut, was landed near Olbernhau, in the Erz mountains, after a journey lasting twenty-two hours.

Dr. Wegener holds the German record for the longest cruise in the air, namely fifty-two hours. The Schwaben, Augsberg Air Navigation society, Captain von Kreigh, circled around Prague, drifted back and landed near Lauban, Silesia. The Radium, Belum Oero club Adhemar De La Hault, landed near Luebben, forty miles in an air line from Tegel, the Pommern, Berlin Air Navigation society, Baron von Hewald, near Klattau Bohemia, 100 miles from the starting point, the Dussendorf, the largest competitor, 2,100 cubic meters; Lower Rhine Airship club, Lieutenant Benecke, near Prague, 185 miles, and the Bezold, Berlin Air Navigation society, Captain von Kohler, near Plauen, 150 miles away.

A Most Worthy Article

When an article has been on the market for years and gains friends every year it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all Pulmonary diseases. One of the best known merchants in Mobile Ala. says: "For five years my family has not been troubled with the winter coughs, we owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells." Sold by T. R. Cheatham, Reno and Sparks Drug store, Sparks, Nev.

Oxford Hits High Spot In Sprint-Fest

NEW YORK, Oct. 15.—Oxford, at 8 to 1 won the Westchester high weight handicap 6 1-2 furlongs at Belmont Park today and in doing so, made a new world's record for the distance by stepping it in 1:18 1-5, which is one-fifth of a second faster than the best previous time held jointly by Flip Flap, Mineola and [illegible].

[illegible] was off and [illegible] a terrific pace followed by Security and Oxford. Pinkerton continued to lead to the stretch where he dropped back and Oxford came strong, taking command and won easily by five lengths. Ben Ban was second a head before the favorite Brookdale Nymph. Results:

First race, 5 1-2 furlongs, straight—Vails won; Barbary, second; Rebel Stone third. Time, 1:05 2-5.

Second race, the Autumn Meadowbrook steeplechase about three miles—Ole Roso won, Ortnodox, second; Gypsie, third. Time, 6:32.

Third race, one mile—Ginette won; Dilly Spanker, second. Far West, third. Time, 1:38.

Fourth race, 6 1-2 furlongs, straight—Hard Shot won; Lanepe, second, Herman, third. Time, 1:19 3-5.

Fifth race, the Westchester High Weight handicap last 6 1-2 furlongs, main course—Oxford won, Ben Ban, second; Brookdale Nymph, third. Time, 1:18 1-5.

Sixth race, one mile and three sixteenths—Tommy Waddell won; Chimney Sweep, second; Good Luck, third. Time, 1:58 3-5.

BALLOONS TO RACE

PITTSFIELD, Mass., Oct. 15.—Arrangements were started today for a balloon race to be held in this city between cars of the Aero Club of America, the latter part of this week, probably on Sunday. Three of the cars expected to enter are L'Orient Centaur and Nirvana of the Aero club. St. Louis has been mentioned as the place for holding the race, but the majority of the prominent members of the Aero club favor this city, where several successful ascents were made last summer.

WEALTHY SOUTHERNER LEAVES FOR HIS HOME

Colonel C. W. Rigdon, who recently sold the Original Wonder mine in Wonder to the Tonopah Mining company, arrived in Reno yesterday and last night he departed for Savannah, Ga., his old home.

Colonel Rigdon modestly told of the price which he was paid for his mine, $300,000. Besides he secured $60,000 for several prospects. These mines were purchased by Colonel Rigdon when they were thought to be mediocre affairs. He had confidence in their stability and his judgment is shown by the result of the sales a few days ago.

NEVADA IS SCENE OF ANOTHER BIG STRIKE

Seven Troughs District in Humboldt County Is Latest Country to Make Definite Claim for Attention—Great Rush Results from Reports of Find

Another rush is on to the Seven Troughs district in Humboldt county, twenty-four miles north of Lovelock, the result of an immense strike made on the property of John Cleghorn last week. Ore assaying 1,500 ounces in silver, four and three-tenths ounces in gold, valued at nearly $1,000 to the ton, is now exposed on the Cleghorn property and excitement is intense. The Cleghorn strike is the only one of several made in the district within the past several weeks, and each one has only added to the interest. People are leaving Lovelock daily in teams and all manner of conveyances, loaded with lumber and supplies for Seven Troughs.

John Cleghorn, owner of the property on which the latest strike has been made, has already leased every foot of his holdings and the claims are literally alive with prospectors working with feverish haste to reach the hidden wealth known to exist in that section.

Many Reno men are interested in the new district and all are confident of being located on bonanza ground. Among them are Dr. D. W. Rulison, Fred Small and Dr. Sidney Pinniger, the latter formerly of this city. These investors are located on the original strike, having 125 feet on the main vein. For this it is said they have paid a handsome figure. The ore at this place crops directly to the surface. With the other leasers it has been found necessary to go through from five to ten feet of wash before pay ground can be reached.

Curtis Pyle and associate own the lease adjoining the original strike. They are down ten feet and assays taken from the vein last week give returns of $260 in gold and silver. These assays were made by W. D Arnett of Reno.

Other strikes in this promising district are the Fairview and W. R. Moler. The Fairview so far has shown gold values almost entirely. Picked pieces run into the hundreds of thousands to the ton, while the entire vein for seven feet in width carries a good grade of milling ore. On Moler's property an average sample gave returns of $200 to the ton in gold and silver, thus proving that the entire district will be able to ship ore within a remarkable short time.

The showing on the whole is remarkable when it is considered that in the entire district a depth of not more than ten feet has been attained. From Moler's property on the south to the Cleghorn strike on the north is a distance of two and one half miles, with the Fairview strike lying half way between the two.

The formation of the district is porphyry, the belt being about a mile and a half wide and twelve miles long. Good surface showings have been obtained for the entire length, but most of the activity at the present is in the south end, where the rich strikes have been made.

The ore found in the district is of such value that it will easily pay to haul to the railroad at Lovelock by team. Curtis Pyle and his associate are now engaged in sorting ore and it is believed they will be ready to make their first shipment of ore to the smelter not later than November 1.

FIRST EFFECT OF THE NATIONAL LAW IS FELT

Under the new law which is now being enforced all naturalization statistics are being recorded by the bureau of labor and immigration and yesterday County Clerk Fogg received the first declaration of intention to become a citizen since the present rule was enacted.

This represents a move on the part of the national government to keep in touch with all foreigners who enter this country. In the past the federal authorities were ignorant of the goings of the immigrant after he had once passed Ellis Island.

WONDER DISTRICT SCENE OF BIG TRANSACTIONS

Deal Involving $50,000 Is Closed by Mark Bradshaw, Representing Associates, Involving Five Claims in that Country—W. C. Clark Returns

As evidence of the growing importance and interest in the Wonder mining camp, a sale reported yesterday which, thus far is the largest yet consummated in that district, and its successful accomplishment reflects great credit on Mark Bradshaw, who represents the firm of Patrick, Elliott & Camp. He bought from Smith & Reed the Nevada group of five claims in the Wonder district for $50,000. The first payment has been made in a substantial amount and the deal is closed.

Splendid values have been obtained on these claims, running even up to $1,100 to the ton. The properties have not been developed to any extent, but their value is certain, as evidenced by the purchase closed yesterday when Bradshaw bought the properties for his company.

Another Wonder Deal.

Another deal was consummated by N. R Fitzpatrick, who is a candidate on the Democratic ticket for assemblyman, and who as one of the owners of the Wonderful group of claims has given an option for $20,000 to Busch brothers, of Goldfield, Manhattan and Rhyolite. This firm is one of the largest operators in mines in the country and their faith in the Wonder district is another proof of its worth.

Clark Has Returned.

William C. Clark, who was formerly on The Journal staff, and is a talented newspaper man, has been in Wonder some time, and returned last night from that district, full of enthusiasm about the prospects of the district. It is perfectly apparent, he states, to even the most casual observer of the growth of the place, that Wonder is destined to become one of the greatest districts in the state. It can not be held back, and all those who are there now and many more who will come will join in the development of the mines to the great advantage of themselves and the state at large.

CANNONBALL TRAIN TAKES MINING DRILLS

Hayes-Monette Lease on Mohawk Expects to Take out $3,000,000 Before First Year and Record Time Is Made from Denver With Machinery

Running on overland limited time, a special train, bearing air compressors and drills for the Hayes-Monette lease on the Mohawk mine at Goldfield, made the fastest time from Denver to the Southern Nevada mining camp on record and took to the aid of the miners the special machinery which will be used during the next seventy days.

The Hayes-Monette lease on the Mohawk expires in seventy days, and the leasers expect to take out $3,000,000 in ore before January 1.

So great was the care with which the machinery was shipped that the owners would not trust it to the Wells, Fargo express. The special train was chartered in Denver and arrangements were made with the railroad to have the train follow the overland limited. Just twelve hours after the overland passed, the special mining train arrived in Goldfield.

By mining men this feat is regarded as the greatest enterprise shown by the camp to which the machinery was consigned.

A car of specially selected ore will be shipped some time before the first of the year from the Hayes-Monette lease on the Mohawk, valued at $1,000,000. It will be consigned to the smelter.

TRADE AND FINANCE IN THE WORLD'S MARKETS

Monday's Trading Dull on New York Stock Exchange — Reading and Union Pacific the Features—Public Is Neglecting the Market

NEW YORK, Oct. 15.—Today's stock market was but a dull affair. There was a considerable number of shares sold during the first hour, but after that the trading became almost stagnant and the sluggish movement of prices was almost imperceptible during the midday period. The selling was most noticeable in Union Pacific and Reading. Its source and its motive were not clearly understood. Revived assertions that government measures were in contemplation to contest some of the Union Pacific's holding of lands taken over from the public domain were given as one ground for the weakness. Active selling was attributed to the so-called Western parties in the speculation who have been credited with most of the large operations in the market for some time whether on the long or the short sale. The profound dullness which overlooked the trading when these operations ceased indicated strongly that they went far to make up the whole market. The public attitude towards the market is one of entire neglect. The action of the market suggests also that the large financial interests which have been credited with the intention to keep the market alive have desisted from the purpose. Various views are held as to the motive for this attitude. Political uncertainty is a favorable explanation with the professional stock operator. The desirability of preserving the tranquility of the money market is very generally admitted to have force. Conditions in the money market were little changed but the upward course in sterling exchange was a marked feature of the last week's events, was sharply reversed and there was a considerable reaction. Sterling also fell at Paris and Berlin. The point of relaxation was not in London for discounts rose again there. The bank of England secured all the gold arriving in the market at a reduction from the previous price, but the amount thus acquired, which reached only $1,810,000 was offset by the withdrawal of the $7,500,000 for the bank for shipment to Egypt. This is a slow rate of recuperation for the depleted reserve item shown by last week's statement of the banks. It was reported that Berlin bankers were discussing manners of discrimination against American finance bills such as were employed by the Bank of England before the advance in its official rate.

Agricultural reports from this country showed a falling off for September from the same month last year, the large decrease in cotton exports serving more than to overcome the increase in the other products. The continued rise in the price of cotton is again an expansion in its export.

Call Money Steady

NEW YORK, Oct. 15.—Money on call steady; 2½@4 per cent; ruling rates 3¾, closing bid 3½, offered at 4 per cent.

Time loans dull and steady, 60 days 5½ per cent; 90 days, 6 per cent; 6 months 5¾@6 per cent. Prime mercantile paper 6@6½ per cent. Sterling exchange steady at a decline with actual business in bankers' bills at $4.84 @ $4.85 for demand and at $4.80.15@4.80.50 for sixty day bills; posted rates $4.81½ and $4.85½; commercial bills $4.80⅛@4¾. Bar silver, 69½; Mexican dollars 53⅝c. Government bonds steady; railroad bonds irregular.

Grains and Provisions

CHICAGO, Oct. 15.—The wheat market was weak all day and selling was general. Receipts in the northwest were larger and weather conditions in the spring wheat territory were favorable to the movement of the crop. The market closed weak. December opened unchanged to ⅛c lower at 74⅜c to 74⅞c, sold off to 74c and closed ⅝c off at 74¼c.

The corn market showed some firmness early in the day. Later the market became weak in sympathy with wheat and the close was easy. December opened ⅛c to ¼@½c higher at 42¼c to 42⅜@½c, sold off to 42¼ and closed a shade lower at 42¼@⅜c.

The oats market was weak nearly all day. December opened a shade higher at 33⅞@34c, sold off to 33⅝c and closed ⅛@¼c lower at 33⅝@¾c.

Provisions were firm on account of a five cent advance in the price of live hogs. At the close January pork was up 5c, lard was 10c higher and ribs were up 2½@5c.

Livestock Market

CHICAGO, Oct. 15.—CATTLE—Receipts 28,000; market for best strong, others slow. Beeves $4.15@7.30; cows and heifers, $1.75@5.30; stockers and feeders, $2.50@4.50; westerners, $3.80@5.80, calves, $6.25@7.50.

HOGS—Receipts 25,000, 5c higher; mixed and butchers, $6.20@6.80; good heavy, $6.40@6.80; rough heavy, $5.90@6.25, light, $6.20@6.75; pigs, $5.80@6.37; bulk of sales, $6.35@6.70.

SHEEP—Receipts 18,000; strong to 10c higher, sheep, $3.65@5.50, lambs, $4.85@8.00.

The Wool Market

ST. LOUIS, Oct. 15.—Wool, steady, territory and western mediums, 21@22c; fine medium 18@21; fine, 14@16c.

(Bill No. 66)
ORDINANCE NO. 62

An Ordinance authorizing the City of Reno to borrow Twenty-Five Thousand Dollars for the purpose of purchasing a Public Park or Parks and improving the same and other Parks now owned by said City; also for the purpose of purchasing and installing intersectional street signs, and constructing and laying a sidewalk around the City Hall, in said City, and to issue and sell the bonds of said City therefor.

The City Council of the City of Reno do ordain:

Section 1. For the purpose of purchasing, holding and owning a public park or parks in the City of Reno, for the use and benefit of the public, and for the purpose of properly keeping, maintaining and improving the same and other parks now owned by said city; also for the purpose of purchasing and installing appropriate intersectional signs to properly designate the public streets therein, and for the further purpose of laying and constructing a cement or stone sidewalk around the City Hall in said city, the City Council of the City of Reno is hereby authorized and empowered to issue and sell in the name os said City of Reno, Twenty-five One Thousand Dollar Gold Bonds each, bearing interest at the rate of five per cent per annum, payable thirty years after date (but optional after ten years from date of issuance, and subject to be declared due and payable out of the Reno general fund, by a resolution or ordinance to that effect, duly passed and adopted by the City Council of said city), upon the terms and conditions and in form substantially as follows:

Know all Men by hese Presents: That the City of Reno, a municipal corporation, duly existing under the laws of the State of Nevada, for value received, acknowledges itself indebted to, and hereby promises to pay the bearer, out of the Reno General Fund, One Thousand Dollars in gold coin of the United States of America, at the office of the City Treasurer of said city, in Reno, Nevada, at the expiration of thirty years from date hereof, with interest thereon from date at the rate of five per centum per annum until paid; said interest payable semi-annually, on the first day of January and July of each year hereafter during said term, upon the presentation and surrender of the proper coupons as they severally become due and payable; provided, said City Council at its option may, by resolution, at any time on or after the first da yof January, 1917, declare this bond due and payable, in which event the same shall become due and payable for the amount of the principal and interest due, and all future interest thereon represented by coupons shall then cease, and said City Treasurer, upon the surrender of said bond and coupons at his office in said City of Reno, will pay and redeem the same for the amount of said principle and interest due at the date fixed by said City Council in said resolution.

This bond is one of a series of twenty-five bonds of One Thousand Dollars each, authorized by Article XVIII of an Act of the Legislature of the State of Nevada, approved March 14, 1905, to amend an Act approved March 16, 1903; and in accordance with a Resolution of the City Council of the City of Reno, passed and adopted August 14, 1906, for the purpose of purchasing a public park or parks in said city, and improving the same and other parks now owned by said city; also for the purpose of purchasing and installing intersectional street signs, and constructing a sidewalk around the City Hall building in said city; which resolution was duly passed, adopted and approved, and by said Council duly ordered published for a period of four weeks as required by law; and it is hereby certified that all of the acts, things and conditions required to be done precedent to and in the issuing of this bond, have been done, happened and performed in regular and due form as required by law.

This bond shall be known as the "Reno Park Bond, Series One," and shall be exempt from taxation by the City of Reno.

In Witness Whereof, the City of Reno hath, by resolution of its City Council, caused its corporate name and seal to be hereunto affixed by its Mayor and City Treasurer, and this bond to be countersigned by its City Clerk, on this .... day of .... A. D., One Thousand, Nine Hundred and Six.

Section 2. The City Council shall cause said bonds, or as many thereof as it may deem necessary, to be prepared, and they shall be signed by the Mayor or Mayor pro tempore of the City of Reno and by the City Treasurer, countersigned by the City Clerk and authenticated with the seal of said city. Cupons representing the several installments of interest to fall due thereon, shall be attached to the bond, so that the same may be removed without injury to the bond, numbered consecutively and signed by the City Treasurer. Said bonds shall be dated January 1, 1907, and sold at not less than their face or par value, and the proceeds shall be placed in whwat shall be known as the Reno Park Fund, to be paid out only for the purpose of carrying out the provisions of this Ordinance, and only on warrants drawn by the City Auditor in payment of bills contracted in carrying out the objects and purposes aforesaid. Said bonds shall be known as Reno Park Bonds, Series One, and shall be sold only to the person or persons offering the best and most advantageous terms to said city.

Section 3. This Ordinance shall take effect immediately upon its passage, adoption, approval and publication daily for a period of one week.

Section 4. The City Clerk and Clerk of the City Council of the City of Reno, is hereby authorized and ordered to have this City Ordinance Number Sixty-two published daily in the Daily Nevada State Journal, a daily newspaper published in the City of Reno, for a perid of one week.

Passed and adopted this 8th day of October, A. D. 1906, by the following vote of the City Councilmen:

Ayes: Mr. Wilson, Mr. Drapno, Mr. Newmarker, Mr. Quinn, Mr. Kinney.

Nays: None.

Absent: None.

Approved this 8th day of October, A. D. 1906.

N. E WILSON,
Mayor Pro Tempore of the City of Reno.

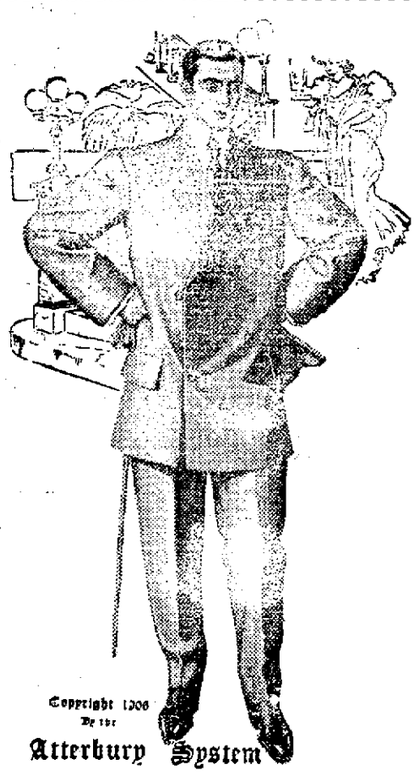

Attest: H. E CHRISTIE,
City Clerk of the City of Reno and Clerk of the City Council.

I hereby certify hat the foregoing is a full, true and correct copy of the original Ordinance Number Sixty-two, passed, adopted and approved at a regular meeting of the City Council of the City of Reno, held on the 8th day of October, 1906, introduced by the Ordinance Committee of the City Council, and by said Council thereupon ordered published in full for a period of one week in the Daily Nevada State Journal, a daily newspaper published in the City of Reno, State of Nevada.

H. E. CHRISTIE,
City Clerk and Clerk of the City Council of the City of Reno, State of Nevada.

EDITORIAL COMMENT

It Is Time To Forget

COMMENTING on a recent article in the Denver Mining Record, wherein a comparison was made of the relative importance of Reno and Goldfield as the largest centers of population and business, the Goldfield News, in a recent issue, says:

The foregoing has been taken up by the Reno papers and commented upon somewhat caustically, showing the sensitiveness of our northern neighbor to any suggestion that there might be any other city in the state that should be considered in any sense a rival.

Goldfield does not expect to take part in such a controversy. While gladly conceding the many beauties and attractions of Reno as a place of residence, its advantageous location for manufactures and business, its superior population, and general prosperity, Goldfield is serene and content in the consciousness of being the greatest gold camp on the American continent, and the source from which most of Reno's blessings flow. We are not proud or selfish, and are glad to know that Reno is benefitting by the overflow of good things on which Goldfield is fattening and growing great. It is not necessary to recall that Reno was but a whistling post on the Southern Pacific until the great gold discoveries of Tonopah and Goldfield; that it did not get into the mining game until recently, and then only by accident, following the opening up of the northern camps of Fairview and Ramsey, by Goldfield men.

We do not believe that our esteemed southern contemporary is willfully wrong in asserting that Reno is "sensitive to any suggestion that there might be any other city in the state that should be considered in any sense a rival," but it certainly is wrong in so charging. Reno is perfectly content to "render unto Ceasar the things that are Ceasar's," and has no desire to discount either the richness, enterprise or greateness of its southern neighbors. On the contrary we glory in the achievments of the past three years because they redound not only to the benefit of Reno, but to the whole state. We are neither provincial, selfish nor jealous. If we have not appreciated to the full the opportunities that have been overlooked in not taking advantage of the full tide of prosperity that has swept, and is now sweeping, over the state, the loss has fallen most keenly on us.

There is not, nor, in the very nature of things, can there be any rivalry between Reno and the growing cities of the southland. Each has in abundance what the other has not. While it is not literally true that 'Reno was but a whistling post on the Southern Pacific until the great gold discoveries of Tonopah and Goldfield," still Reno can correctly date her greatest advancement from that auspicious event. The finest buildings in Reno today are the result of those discoveries and fortunate indeed, was it for this city that it had the natural advantages to offer when the opportunity came for the investment of the fortunes thus acquired. We are glad that we can offer to the people of the south a beautiful and accessible location for homes, with good schools and pleasant surroundings. We are glad that the men who have made their fortunes in the mines on the southern deserts intend investing those fortunes in Nevada instead of carrying them over the mountains to California.

We will welcome the day this unjustified unprofitable criticism of Reno ceases. Not only the newspapers of Reno but every resident thereof is anxious to lend a helping hand to "boost," but it is sort of discouraging to be continually alluded to as "knockers" or told that we are "sensitive" or "jealous" of the lusty young cities of the south. Call this feeling "eleventh hour repentance" if you choose, but at least give us credit of sincerity in our professions of friendship.

Let us acknowledge that we can be mutually helpful, one to the other; that nothing is to be gained by keeping up this useless bickering that possibly mistakes have been made on both sides. Let us "bury the hammer" and get together and 'boost," "boost" "boost." Let the dead past bury its dead, and a new era of goodfeeling take the place of of the mistakes and misunderstandings of the past.

A Shirt Tail Argument

A SOUTHERN genius with a penchant for figures has demonstrated that if every Chinaman in the world would add two inches to the tail of his shirt it would take twice the present cotton crop of America to satisfy his demands. The same idea has reappeared in Kansas, where an agricultural paper is calling on the farmers of that state to demand a shirt with a tail one inch longer than the present standard pattern. The editor has figured out that if his suggestion carries it will solve the vexed question of what to do with the annual cotton surplus. While not caring to go into the correctness of these mathematical calculations, there is no question but that it takes but little increase in the consumption of a staple article when that increase is divided amongst millions, to materially effect the industrial market.

Anything that tends to increase consumption, without actual waste, is to be commended and encouraged. It is to new markets that the manufacturer or producer of raw material must look for a sale of his surplus stock. To create a demand is his constant aim. If he can augment his revenue by special legislation calling for the passage of a law that will prevent manufacturers from "skimping" in the amount of goods he puts in a cotton garment, for instance, the aggregate result will materially affect the cotton producer, while giving the consumer more for his money.

There is already a law governing weights and measures. It is illegal to shortweight on articles in packages. They must contain in net weight the amount which their label calls for. It might be a good idea for the cotton raiser to compel the manufacturer to set a standard length on shirt tails and educate the purchaser to call for and see hat he gets nothing but the standard measure.

Hart, Schaffner & Marx BEST STYLES

THESE clothes are made for men who want to get what they pay for; just like going to a merchant tailor—you ask for an *all-wool fabric, fine tailoring, style and fit*, and are willing to pay $35.00 to $50.00 for the satisfaction of getting, or thinking you get, everything that goes to make a first-class suit. *Hart, Schaffner & Marx Hand Tailored Clothes contain all the details* of high-class merchant tailoring, and often the style and fit excels that of your private tailor, and the price is from $12.50 to $20.00 less.

If you don't buy your suit or overcoat from us, TAKE OUR TIP: Ask your dealer to guarantee what he sells you to be *absolutely free* from any suspicion of cotton adulteration, or in other words "the mercerized cheat." You'll not be sorry.
